. . . that gray color . . . which nature loves; color of unpainted  
wood, weather-stain; time-stain; not glaring nor gaudy;  
the color of all roofs, the color of all things that endure . . .

Dean

## *Dean's Message*

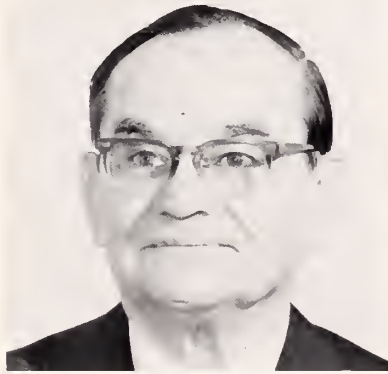

Amen is a word often spoken by our graduates as they walk across the stage during commencement. It symbolizes the end of a period begun approximately seventeen years ago during which you were stuffed with information, exhorted, probed, examined, etc. Was all that education, and in particular the pharmacy program, worthwhile? An appropriate answer will only be possible in ten to twenty years when you have used your education to firmly establish your career.

We hope that the curriculum has prepared you to pursue your profession well equipped with all the necessary skills for tomorrow's form of practice. I said hope since the future is always changing, preventing the use of a more concrete word. It is because of this that we will continue to need your input back into the School as advisor, preceptor, faculty member, or simply alumnus. Your comments and guidance will help us to continually improve our curriculum to the benefit of our future graduates.

## Kappa Chapter

AZO's 1976-77 year started off with a crab feast and a few pot luck dinners. During the mini-mester, a ski trip to Mount Sutton, Quebec was organized by Ira Fedder. A bake sale and some gentle persuading got us money to send Marian Butler to the Regional Convention in Columbus, Ohio. We began work on an OTC patient information program, however the biggest educational success of the year was the Fritz Berman Seminar. At the year's end three new members were inducted: Cathy Breslin, Gary Flax and Artie Schwartz. We are all looking forward to the fall when Kappa Chapter will sponsor the fall regional here in Baltimore. We are therefore looking forward to the upcoming year as a time for expansion and featured growth.

# Kappa Psi

## Sigma Chapter

This year Kappa Psi Pharmaceutical Fraternity strengthened its "comeback" at the UMAB campus. In addition to the 12 members who revived the chapter one year ago, we initiated 14 new members, 10 being in the first professional year. Kappa Psi is proving to be a very active professional organization in the community and within the school itself. The brothers are maintaining an organized drug utilization plan at the Peoples Free Clinic on Greenmount Avenue. In addition, the chapter is currently sponsoring a blood assurance program for all students in the School of Pharmacy and their immediate families. Athletically, the brothers have evened the score with Phi Delta Chi by winning both the annual basketball and softball games. Finally, the chapter will host the Annual Kappa Psi Province Convention in March 1978.

Kappa Psi: An essential organization for the development of the pharmacy student's maturity and professionalism.

Phi Delta Chi is, as in past years, an example of true fraternalism. The members of Phi Delta Chi are proud of their position in the fraternity and the fraternity is equally proud of them.

During the past year IOTA continued to expand upon both their social and professional activities. With our membership reduced to 13 after last year's graduation and the addition of KY to the scene, we had to work harder during rush to replenish our membership. We came through; and with the initiation of our largest pledge class in recent history (14) our membership was again twenty-seven.

The mainstay of our professional projects was blood pressure screening. We screened over 800 people in conjunction with SAPHa at the Baltimore City Fair and conducted four other screenings at three community pharmacies in the Baltimore area. Social activities included several rush parties, a very successful dance at the Synapse, two spaghetti dinners, numerous frat parties, two bake sales at UMH, Hell Night, the organization of a championship basketball team, and our third annual Alumni Banquet at Gordon's Seafood Restaurant. The continued interest in the Pill Post saw two issues distributed to the student body this year. Members of IOTA were also active in campus organizations, being represented in the Dorm Council, SGA, SAPHa, and several school and campus committees. Next year, three Phi Dexmen will assume their elected positions as the President and Vice President of SGA, and as the student representative to the AACP. Perhaps our greatest accomplishment was the inclusion of women into the chapter for the first time. Fraternities are usually associated with many traditions, as is Phi Delta Chi; but, we are also definitely looking ahead at the future of pharmacy, continued participation of our members in the profession makes us "leaders in pharmacy."

Dr. Thomas C. Majerus  
Teacher of the Year

*The following items were found among the  
Last Will and Testaments of the dearly  
departed Class of '77.*

To the unsuspecting class of 1980 . . . one well-worn mortar and pestle, one lab coat with iodine stains, 100 charcoal capsules to be packed without fingerprints and any compound with coal tar solution . . . Wanda Wolfe.

To the incoming 3rd year . . . all my tape recordings from the 3rd year as part of their survival kit . . . Terri Clayman.

To any loud mouthed, uncouth, pretentious person in the incoming 3rd year . . . my humility, genteel mannerisms, and a soft well modulated voice . . . Becky Tominack.

To any worthy backrow bomber of the future . . . my seat in room 201 AHPB . . . Jim Rhodes.

To next year's yearbook editor . . . my set of techni-croppers . . . Editor.

To the up and coming classes . . . all my notes in hopes that they will find them as useful as Ron Keech did . . . Mary A. Young.

To Dr. Blomster . . . all my tape recordings of micro lectures so he can hear how many times he says "various and sundry" and "fantastic" . . . Terri Clayman.

To the library, it needs all the help it can get, my forthcoming book "Everything You Ever Wanted to Say to a Professor but Were Smart Enough Not To" . . . Gerry Epley.

To anyone and everyone in the up and coming classes . . . my yellow magic marker used for underlining "important, relevant material only" . . . Tony Chite.

To Bonnie Levin . . . my optic discs . . . Judy Wagner.

To Bob Varipappa . . . my Organic Vegetable Pharm . . . Judy Wagner.

To Ron Gutowski . . . all my pipe and monkey wrenches and a complete set of washers, he might need them . . . Jim Kellner.

To Dr. Augsburger . . . my hat . . . Lawrence Taylor.

To Bonnie Levin . . . one instruction booklet on "How to open the hood of a Honda outside New York City" and a fairly solemn promise to "be there" in Montreal . . . Margi Brophy.

To Tim Funk . . . one gallon of French and one gallon of Russian salad dressing . . . Jim Kellner.

To Dr. Shangraw . . . my shades so that no one will recognize him as the author of a 50 question true-false final exam, with extra penalty for incorrect answers . . . Lawrence Taylor

To Bill Kearney . . . my digital (60 minute alarm) watch and my shares in Track Shoes Limited . . . Jim Kellner.

To Bonnie Levin . . . One box of Band-Aids purchased in New Orleans . . . Margi Brophy.

To Drs. Zenker and Blomster . . . my sincere gratitude . . . Lawrence Taylor.

Dear Graduate of the Class of 1977:

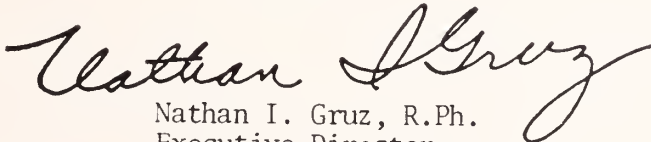

Welcome to the ranks of pharmacy - a health care profession with an exciting, satisfying future.

Your colleagues in the profession of pharmacy invite you to accept full pharmaceutical citizenship by joining and participating in your local, state and national professional societies.

You will find the opportunities for maximum personal and professional growth in MPhA - the state representative pharmaceutical organization - which is open to ALL pharmacists, regardless of the category of their practice.

We look forward to the new ideas and energetic response that the new generation is capable of.

Cordially,

  
Nathan I. Gruz, R.Ph.

## Remember the summer of '76?

This summer, four young people joined The Upjohn Company as part of the NPC Pharmacy Internship Program.

They added to their educational process ... learned about manufacturing, quality control, pharmaceutical research, and marketing/sales.

We hope we answered their questions. Certainly, we took their suggestions to heart.

And when the 10-weeks were over, we parted knowing that we'll enjoy seeing each other in the years ahead.

And reminiscing about the summer of '76.
